An unforgettable city //

Barcelona is a modern, cosmopolitan city that at the same time has inherited many centuries of history. The Mediterranean and its openness to Europe define the character of the capital of Catalonia.

It is in a privileged location, bathed by sea yet surrounded by mountains and well connected by land, sea and air with other international capitals.

It possesses valuable architectural and monumental heritage, in particular from the ages of Gothic and Modernist splendour, including no fewer than nine buildings that have been declared World Heritage Sites.

Since the 1992 Olympic Games, the city has been able to boast an extensive range of first class hotels offering all kinds of comforts in accordance with European standards, famous for the quality of their services and the exquisite treatment that guests receive.

Barcelona is now one of Europe's main destinations for business tourism, congresses and a variety of other events. Its wonderful climate, the excellent quality of its hotel infrastructure and the increase in international trade fairs are highly appreciated factors by visitors to the city.

More than a club //

FC Barcelona, with more than 100 years of history and more than 160,000 members, is one of football's most respected and admitted clubs.
